

Bolsover Parish Apprentices

1784 - 1814

Introduction

This typescript brings together the pertinent Apprenticeship information from the surviving apprenticeship documents for the parish of Bolsover, which are deposited in the Derbyshire Record Office. They comprise:

11/1-9
D190 A/PO ~~196-204~~ Apprenticeship Indenturea 1784 - 1814

The apprentices were, in most cases, classed as paupers and thus qualified to have the cost of their apprenticeship paid for by the parish. However, this does mean that their indentures were exempt from the tax levied upon them during the period 1710 - 1808, so they should not appear in the relevant Inland Revenue volumes at the Public Record Office for between these two dates.

The indentures are in all cases are pre-printed forms with the relevant details added by hand, but this unfortunately meant that there was no room for details of the apprentices parentage. In all cases the master also came from Bolsover; whether this is a coincidence or a deliberate policy of the parish Overseers of the Poor is not known.

The records themselves have been microfilmed (Ref: XM 1/47 item 4) and are available in that form at the Derbyshire Record Office.

At the back of this typescript there is a surname index.
